

SCHOLARSHIP POLICY

Saint Michael's College offers a number of scholarships each academic year. Scholarships range from 5% of the school fees up to 100%, a full scholarship.

Conditions

Scholarships are awarded on the basis of academic ability and/or other variables such as sporting or musical ability. Scholarships may also be awarded to students whose nationality is not already represented in the school.

Scholarships are normally awarded for the duration of the course the student is applying for. Thus:

- GCSE and A Level scholarships are normally for two years
- Foundation course scholarships are for one year

A student awarded a scholarship must live in the school residence, not with a host family. They are normally expected to share a twin room.

A student awarded a scholarship is expected to:

- Study to their full capacity at all times.
- Follow all the school rules, without exception.
- Act as a role model for other students.

If a student does not comply with these conditions, the school reserves the right to withdraw the scholarship. One written warning (a copy will be given to the student and the student's parents) will be given before a scholarship is withdrawn.

Applying for a scholarship

To apply for a scholarship a student must:

1. Complete an application form (www.st-michaels.uk.com).
2. Send school transcripts for the past three years of schooling.
3. Send two references, in English, at least one of which must be an academic reference (from the Head of the student's current school).
4. Write a covering letter, in English, stating why you think we should award you a scholarship. Maximum one side of A4.

Closing date for applications

The closing date for scholarships is 30th April each year.
